“My son danced for 5 years progressing his way through RAD Grade 4. It taught him balance and coordination using both sides of his body; to be organized and responsible for his gear; and to keep his presence of mind when performing at his best during exams. These were skills he went on to utilize in soccer, rugby and competitive sailing along with in his academic studies. My daughter has danced since preschool progressing her way through the Royal Academy of Dance (RAD) syllabus and exams from Pre-primary to Grade 8 & the vocational to Advanced 1. She is currently working towards her Advanced 2 exam. I have seen her progress from a timid child to a confident adult who gives presentations and walks into interviews with self-confidence that she has learnt her material and will present it to the best of her abilities.

We thank you again for being a part of our dance family and we look forward to another fun and exciting year of dance at LLD!
